CAMDYN RASQUE

8061 Camino Kiosco | San Diego, California, 92122 | (714) 747-6007 | rasque.camdyn@gmail.com

Employment History

UCSD Bookstore, San Diego, California
Webmaster, June 2019 – Present

- Use ASP.NET application framework alongside HTML, CSS, and Javascript to update and maintain the UCSD Bookstore website.
- Prepare product pages in Photoshop for client-side use.
- Ensure website appearance and uniformity across various platforms and web browsers.

DOthings, London, England
Web Design Intern, June 2018 – August 2018

- Utilized HTML/CSS to write and develop new prototypes for the client-side landing page.
- Used InDesign and hand sketches to rapidly iterate new wireframes based on lead feedback.
- Used Photoshop to compose and model mock-ups of the final product.

UCSD Bookstore, San Diego, California
Customer Service Lead, September 2016 – June 2019

- Assisted customers with returns, purchases, department charges, or any other obstacle/question they had.
- Trained new cashiers and customer service associates on their various duties and responsibilities.
- Stood in as acting manager when the current one is not present.

Latest Projects

Pokémon Battle Assistant

- Utilized Node.js and Google's Firebase to create a web application that helps users choose which move to use in a Pokémon battle.
- Used AJAX calls with the Firebase API to allow users to create accounts securely and store their Pokémon.

BothSides Web App

- Helped create a Node.js web app that uses News API and Google's Firebase to provide users with left leaning and right leaning articles for every major headline.

QuizWiz – SD Hacks 2019
- Used vanilla HTML/CSS/JavaScript alongside Amazon's Comprehend NLP API to automatically generate fill in the blank style quizzes from lecture notes
